Action taken report on Students Satisfactory Survey Feedback for 2021-22

The recommendations and suggestions on the feedback collected from Student Satisfactory Survey were presented. The proposals were discussed and the action taken are depicted below:

S. No.	Feedback	Action taken
1.	Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work	Placement training session are conducted every year in view of placements. New courses are included under skill oriented courses and as electives as a part of curriculum. Community Service project has been introduced to have real life exposure to current situations.
2.	Fairness of the internal evaluation process by the teachers	Students are evaluated through out the semester by conducting day to day evaluation in labs, assignments and self-learning activities which are further inspected/monitored by head of the department.
3.	How much of the syllabus was covered in the class	Students were requested for extra classes. Extra and Remedial classes were arranged.
4.	Teachers are able to identify your weaknesses and help you to overcome them	Mentors are allotted for a group of students to identify their weakness, problems and solve their issues.
5.	Teachers encourage you to participate in extracurricular activities	Students are continuously encouraged to participate in NSS/NCC, Sports and Clubs. Every week as a part of curriculum NSS activities have been carried out.
6.	Teachers inform you about your expected competencies, course outcomes and programme outcomes	i. Program outcomes are displayed at various places in the Department and also discussed at the time of B.Tech I year Orientation Program. ii. Course outcomes of each subject are displayed in the class room notice board and also discussed.
7.	The institute takes active interest in promoting internship, student exchange, field visit for students	i. Internships are made mandatory for each student in VI Semester. ii. Students are encouraged for industrial visits. iii. MoU between Department and training institutes has been signed for training the students and faculty.
8.	The institute/ teachers use student centric methods, such	i. The Teaching-learning activities are made effective through illustration and special lectures.

✓ REGISTRAR
J.N.T.U. Anantapur
ANANTHAPURAMU-515

	as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences	Lessons are taught through PowerPoint presentations to make learning interesting besides oral presenting methods. ii. In addition to the traditional teaching-learning methods, the department is providing innovative student-centric methods such as Tech Fest, Workshops, Seminars, Virtual Lab, Simulation, Flipped Classroom, Guest lecture, GD/ debate, MOOCs, Project-based learning, Research projects, Viva, Poster presentation.
9.	What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching	Class rooms and seminar hall have projector and multimedia devices as a part of ICT.
10.	Your mentor does a necessary follow-up with an assigned task to you	Per semester two mentoring sessions are arranged and necessary action are taken up.

Action taken report on Faculty Feedback for 2021-22

The recommendations and suggestions on the feedback collected from Faculty were presented. The proposals were discussed and the action taken are depicted below:

S. No.	Feedback	Action taken
1	Syllabus is need based and suitable to the course	i. Skilled based courses have been introduced in curriculum. ii. Seminars were organized to familiarize the students with the latest developments. iii. Career guidance sessions were held for the final year UG students.
2	The curriculum gives exposure to latest developments in the field	Subjects like IoT Applications in Power systems, Battery Management Systems, Design thinking for Innovation have been introduced to meet latest developments.
3	Reference books are available in the library	i. Need to improve the books for PG program ii. e-resources must be updated.
4	Teachers are able to identify your weaknesses and help you to overcome them	Weak students are identified based on their performance in a particular subjects and Remedial classes have been arranged
5	The curriculum has been updated from time to time	New courses are introduced in latest Regulation(R20) to improve the learning exposure
6	The curriculum contains adequate balance between theory and practicals	A theory is followed by laboratory in each semester to gain the practical knowledge
7	Board of studies is taking care to ensure the currency and relevance of the programme offering	New courses are introduced in the latest Regulation (R20) to ensure the currency and relevance of the programme
8	Was your performance in assignment discussed with you	Continuous evaluation of assignments for every subject have been performed and also discussed with the students
9	The institute takes active interest in promoting internship, student exchange, field visit for students	i. Internships are made mandatory for each student in VI Semester. ii. Students are encouraged for industrial visits. iii. MoU between Department and training institutes has been signed for training the students and faculty.

10	Course outcomes and program outcomes are well defined and clear	<ul style="list-style-type: none"> i. Course outcomes of each subject are displayed in the class room notice board and also discussed. ii. Program outcomes are displayed at various places in the Department and also discussed at the time of B.Tech I year Orientation Program.
11	The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth	<ul style="list-style-type: none"> i. Subjects like Universal Human Values, Design thinking and innovation are introduced in a curriculum to improve social and emotional growth in students ii. Strengthen and widen the scope of the mentoring system for better follow-up of students.
12	The curriculum contains adequate course content and reference material	For every subject three reference books and online course links are suggested along with the syllabus
13	Teachers inform you about your expected competencies, course outcomes and programme outcomes	<ul style="list-style-type: none"> i. Program outcomes are displayed at various places in the Department and also discussed at the time of B.Tech I year Orientation Program. ii. Course outcomes of each subject are displayed in the class room notice board and also discussed.
14	The curriculum provides experiential learning through student seminar, group discussion, projects, field visits	<ul style="list-style-type: none"> i. A Socially Relevant Project have been introduced in curriculum for students to identify the problems and their respective solutions in the villages. ii. Industrial visits have been organized every year for III & IV year students.
15	The curriculum provides options for continuous assessment through quiz and exams	To improve the student technical skills with respect to Competitive examinations, a Multiple Choice Questions, Quiz, have been planned.

1.	The curriculum contains adequate course content and reference material	i. New courses are introduced in the curriculum to gain industrial knowledge. ii. Online reference link is provided in course syllabus for every subject. iii. A community service and Socially relevant projects have been introduced in curriculum to identify the problems and their respective solutions in the villages.
2.	The curriculum has well defined objectives	The objective have been well defined for the courses.
3.	The curriculum contains sufficient elective papers	More number of Professional and Open elective courses have been introduced.
4.	The curriculum provides options for continuous assessment through quiz and exams	Competitive examinations, a Multiple Choice Questions, Quiz, have been planned for continuous assessment.
5.	The curriculum contains adequate balance between theory and practicals	New labs are introduced like FACTS controllers and Renewable Energy Sources.
6.	The curriculum has components to address requirements of job	Subjects like Python Programming, R-Programming, Soft skills and Foreign language have been introduced to improve job opportunities.

Action taken report on Alumni Feedback for 2021-22

The recommendations and suggestions on the feedback collected from Alumni were presented. The proposals were discussed and the action taken are depicted below:

S. No.	Feedback	Action taken
1.	Syllabus is need based and suitable to the course	<ol style="list-style-type: none">Introduced add-on courses for students to equip them for their profession.Skilled based courses have been introduced in curriculum.Seminars were organized to familiarize the students with the latest developments.Career guidance sessions were held for the final year UG students.Two SEIMENS Centre of Excellence laboratries have been introduced for soft skill training for students and faculty.Introduce internships for UG students in the syllabus.
2.	Refrence books are available in the library	<ol style="list-style-type: none">A good number of text books are made readily available in the Department library for references.Books for PG program needs to be increased.e-resources must be updated.
3.	The curriculum provides experiential learning through student seminar, group discussion, projects field visits	<ol style="list-style-type: none">A Socially Relevant Project have been introduced in curriculam for students to identify the problems and their respective solutions in the villages.Industrial visits have been organized every year for III & IV year students.A student group (SCOPE) have been formed to organize Group discussuions, JAMS, Quiz and other activities.
4.	The curriculum provides options for continuous assesement through quiz and exams	To improve the student techinal skills with respect to Competitve examinations, a Multiple Choice Questions, Quiz, have been planned.
5.	Additional action required	<ol style="list-style-type: none">Strengthen and widen the scope of the mentoring system for better follow-up of students.Remedial classes have been arranged for weak students.GATE classes have been conducted.An extra curricular activities are introduced for PG students on a credit based system.

Action taken report on Students Feedback for the academic year 2021-22

The tabular column furnished below various demands, suggestions for improvement about administration submitted. The University administration tried level best to fulfil the demands which has been depicted in the action taken report.

S.No	Feedback	Action taken
1	The curriculum has components to address the requirements of job	The program gives the students the understanding of topics, applications, and skills that aid in obtaining employment. The institution is pushing for the inclusion of more skill- and internship-based curricular components.
2	The curriculum contains adequate course content and reference material	The required course material is contained in the library's supply of sufficient reference materials in the form of text books. The numbers are periodically raised in accordance with the demand.
3	The curriculum has well defined objectives	The supplied curriculum includes well-defined, unambiguous objectives, a sequence of related tasks, knowledge assessment, and knowledge enhancement. Even with clearly defined course outcomes, the syllabus copies include the same kind of pattern.
4	The time provided to complete the curriculum is adequate	The curriculum is methodically created so that it can finish the syllabus in the allotted amount of time. If there is a divergence, the concerned teacher addresses it in other courses.

Action taken report on Alumni Feedback for the Year 2021-22

The tabular column shown below various demands, suggestions for improvement about administration submitted. The University administration tried level best to fulfil the demands which has been furnished in the action taken report.

S.No	Feedback	Action taken
1	Syllabus shall be need based and suitable to the course	The necessary adjustments were made when drafting the syllabus so that it is suited for students and complete in all respects.
2	Refrence books available in the library are to be increased with latest editions	For specialized and direct purposes, the library has a good number of text volumes that are preserved there and are available for reference. The quantity of reference books has risen in response to input that has occasionally been received.
3	The curriculum shall need to provides options for continuous assesment through quiz and internal & external examinations	Assessments are done using multiple choice questions, quizzes, comprehensive online exams, and assignments that are included in the curriculum to improve the students' abilities with regard to various competitive tests.
4	The curriculum Facilitates in adequate self learning	The outlined syllabus offered the necessary instructional materials, approaches, and evaluation tools to help students develop critical thinking and knowledge through independent study. Teachers support self-learning by giving students assignments that are analytical, practical, or thought-provoking.
